- 8. New Business:

8a. Resolution 2007, CA025 Annual Plan for 2025 Recommended Board Action: *Accept and Adopt for Approval* 

# RESOLUTION 2007 RESOLUTION TO APPROVE ANNUAL AGENCY PLAN

WHEREAS, In order to be in compliance with regulations of the United States Department of Housing and Urban Development, Housing Authority of the City of Eureka must submit an Annual Plan and provide progress updates; and

WHEREAS, The Agency Plan has been reviewed for accuracy and completeness; and

WHEREAS, A Public Notice was published stating the Draft Agency Plan was available for review at the Housing Authority office from May 30, 2024 through July 15, 2024, and available on the Housing Authority of the City of Eureka website and front lobby of the Housing Authority office; and

WHEREAS, The Public Hearing was held on July 16, 2024; and

WHEREAS, There were no changes or corrections to the agency plan suggested.

NOW, THEREFORE, BE IT RESOLVED, That the Commissioners of the Housing Authority of the City of Eureka do hereby approve the Annual Agency Plan for 2025 as submitted for review.

Motion to approve Resolution 2007 made by Commissioner Byers.

Second – Commissioner Raymond

Ayes: Konkler, Byers, Escarda, Maschke, Raymond

Nays: None Abstain: None Absent: Serotta

Vice-Chairperson Konkler declared the motion carried to approve Resolution 2007.

8b. Resolution 2008, Update to Public Housing Admissions & Continued Occupancy Policy Recommended Board Action: *Accept and Adopt for Approval* 

#### **RESOLUTION 2008**

# APPROVING AND ADOPTING UPDATED PUBLIC HOUSING PROGRAM ADMISSIONS & CONTINUED OCCUPANCY POLICY

WHEREAS, It is a requirement of the Housing Authority of the City of Eureka to have an updated, approved Admissions & Continued Occupancy Policy for the administration of its Public Housing programs; and

WHEREAS, Staff has amended the current Admissions & Continued Occupancy Policy to include new U.S. Department of Housing and Urban Development mandated program changes; and

WHEREAS, The Commissioners have reviewed the proposed Admissions & Continued Occupancy Policy for Public Housing; and

WHEREAS, The proposed was advertised and made available for sixty (60) days of public comment: and

WHEREAS, The Admissions & Continued Occupancy Policy will be sent to HUD for their reference; therefore

BE IT RESOLVED, That the Commissioners of the Housing Authority of the City of Eureka do hereby approve and adopt the proposed Admissions & Continued Occupancy Policy for Public Housing update effective January 01, 2025.

Motion to approve Resolution 2008 made by Commissioner Escarda.

Second - Commissioner Maschke

Ayes: Konkler, Byers, Escarda, Maschke, Raymond

Nays: None Abstain: None Absent: Serotta

Secretary

9. Closed Session: None needed.

Vice-Chairperson Konkler declared the motion carried to approve Resolution 2008.

0. Adjournment
There being no further business to come before the Commissioners, the meeting was adjourned a 3:15pm.

Chairperson

"COMMUNICATION LEADS TO COMMUNITY"

#### PARTNERSHIP HEALTHPLAN OF CALIFORNIA

Did you know Partnership HealthPlan of California offers Case Management services? The Partnership's Care Coordination Department uses different levels of services for members' needs and wants through programs such as Complex Case Management. Complex Case Management can help you with health education, caregiver support, community resources, getting medical equipment, advocacy and support, transportation assistance and much more! If you feel this would be a helpful service for you and your family, please ask your Primary Care Physician at your next visit, call 800-809-1350, or email <a href="mailto:CCHelpDeskSR@partnershiphp.org">CCHelpDeskSR@partnershiphp.org</a>.

## **TENANT REMINDERS**

All zero-income tenants are required to complete community service unless otherwise exempt.

Tenants must not share gate codes with non-residents at their property.

Tenants are responsible for their guests and any related criminal matters that occur on PHA properties.

Infestations of fleas or rodents must be reported to maintenance immediately.

Dispose of all pet feces, garbage, and other nonelectrical waste in provided trash can. Keep lids closed.

## **TENANT PORTAL REGISTRATION**

Did you know we have an online portal for residents? Tenants can email us, check account information, view account charges, and make payments online at <a href="https://portal.eurekahumboldtha.org/">https://portal.eurekahumboldtha.org/</a>.

#### To register you'll need:

- Head of Household's SSN
- Registration Code
- Email Address

If you would like pay rent online, have your personal checking account and routing number available. Please note, the payment system does not accept debit cards or allow payments from EDD, SNAP, TANF, etc. To retrieve your registration code, contact accounting at 707-443-4583 ext. 235.

#### Our office will be closed on these holidays!

October 14<sup>th</sup> – Indigenous Peoples' Day

November 11th – Veterans' Day

November 27<sup>th</sup>-28<sup>th</sup> – Thanksgiving

December 25<sup>th</sup> – Christmas

# **LOW-INCOME HOME ENERGY**ASSISTANCE PROGRAM

The Low-Income Energy Assistance Program provides a one-time payment to assist low-income households with heating or cooling bills and emergency crisis, such as utility disconnection. Income-qualified customers may be eligible for up to \$1,000.00 in financial assistance. For more information visit <a href="mailto:pge.com/liheap">pge.com/liheap</a> or contact 866-675-6623.

# NEW! Online method for submitting comments, complaints, or concerns:

It's important to us that we hear from you, whether it's what you like or don't like, suggestions for change, or whatever else you think we need to hear. You can complete our feedback form online at any time by going here:

#### https://eurekahumboldt.org/PHACustomerSurvey

**EHA Mission Statement:** The mission of the Housing Authority of the City of Eureka is to assist low-income families with safe, decent, and affordable housing opportunities as they strive to achieve self-sufficiency and improve the quality of their lives. The Housing Authority is committed to operating in an efficient, ethical, and professional manner, and treating all clients with dignity and respect. The Housing Authority will create and maintain partnerships with its clients and appropriate community agencies in order to accomplish this mission.

#### **General Information**

Lobby and Dumpster Hours: Open Tuesday-

Thursday 9am-4pm.

<u>Business Hours</u>: Open Monday-Thursday 8am-5:30pm; Closed alternate Fridays and business hours are 8am-4:30pm.

We have a payment drop box by our main front door for submission of amounts payable.

#### Q&A

**Q**: Are tenants responsible for replacing lightbulbs?

A: Yes, tenants are responsible for replacing lightbulbs except for fluorescent tubes in the kitchen. All light fixtures need to have covers to prevent injury, fire, or electrocution if a bulb were to be broken. If there are reasons a tenant is not able to perform this task, a tenant may put in a reasonable accommodation request for maintenance to replace them. Without a reasonable accommodation, tenants will be charged a minimum fee of \$10.00 for maintenance to replace lightbulbs.

### Volunteer Opportunity: Are you a Public

Housing resident who is interested in serving on our Board of Commissioners? Please contact Heather at 707-443-4583 ext. 219 or heatherh@eurekahumboldtha.org with questions and to obtain an application for tenant commissioner.

Visit us at www.eurekahumboldtha.org

#### IS YOUR HEATER RUNNING PROPERLY?

As the Summer ends and the cold season begins people are starting to light up their heaters again. If you haven't run your heater for several months, here are some good reminders to make sure your heater is running efficiently and safely.

- 1. Please call maintenance if your heater is not lighting up.
- 2. Clean off dust from the cover using a duster, microfiber cloth, or damp rag to wash the cover.
- 3. After removing the dust, open doors and windows for ventilation then turn the heater on. Let the heater run for 20 minutes to burn off the remaining dust.
- 4. Yellow or orange flames mean the heater is not burning fuel efficiently, which is caused by dust, incorrect gas pressure, damaged heat exchangers, or blocked ventilation. Contact maintenance immediately if your heater flames remain yellow or orange without turning blue.
- Loud popping or banging inside of the heater is a normal occurrence. If the noise appears to worsen, feel free to contact maintenance to evaluate the situation.

#### **WHO TO CONTACT**

Call our main line at 707.443-4583: then:

Work orders requestx218

#### Notes

- \* Larger increase than expected to HCV budget authority for 2023. Expecting award to get reduced after federal budget finalization, or for excess funds to be placed in reserves.
- A Spending above 100% indicates full utilization of monthly funding plus spending down of HUD-held reserves (which is encouraged/required by HUD).
- **B** HAP cash on hand is minimal, but sufficient HAP reserves are held with HUD. HUD held reserve requests sumitted as necessary. Restriced cash position may go "negative" while waiting for HUD held reserve deposits and is temporarily funded with excess unrestricted funds.

#### HUD Held Reserves estimated as of 06/07/2024

HCV - \$2,365,771

\*Additional \$2,142,682 awarded to reserves to support voucher growth.

MSV - \$143,200

EHV - \$196,536

- C Cash decrease due to timing of HUD stopping EHV HAP and Admin Fee disbursements; expecting cash to continue to decrease as initial program funding is utilized per HUD program mandate. Once initial program funding gets below a certain level, HUD will initiate monthly funding again. Second installment of EHV Services Fees received in July of 2023 for \$159,250. Third and final installment of EHV Services Fees received in September of 2023 for \$159,250.
- **D** Cash for April HAP received early in March.

## Housing Authority of the City of Eureka (HACE) Repositioning Updates

Date	Description
Accomplish	ments
09/2024	<ul> <li>Design team continuing work to do value engineering and establish feasible construction budget; doing detailed review in search of cost savings; working toward bid-ready package</li> <li>Connected with City of Eureka and County of Humboldt to start work on grant applications through HCD with local jurisdictions as applicant and HACE as subrecipient; up to \$13.6M in possible grant applications for Green and Blue phases</li> </ul>
Issues	
N/A	None noted.
Risks	
	None noted.
Next Steps	
	HCD applications to be submitted 10/2024; if awarded, should support a stronger TCAC/LIHTC application for Q1-2025
<b>Budget Stat</b>	tus
N/A	Cost of contract work is covered by developers; no HACE budget updates.

### Key

Green Phase = 3230 Hiler Street Blue Phase = C & Clark Street

Master Phase = Main site "25-1" & Prospect Street

# Housing Authority of the City of Eureka Board of Commissioners Meeting

October 21, 2024

Agenda Item 8a

# Memorandum

To: Commissioners

From: Dustin Wiesner, Director of Finance, Administration, and Technology

Subject: Housing Authority of the City of Eureka's 2025 Budget

#### BACKGROUND AND HISTORY:

Presented is the 2025 Budget for the Housing Authorities of the City of Eureka and the County of Humboldt. Below are financial highlights specific to the Housing Authority of the City of Eureka.

\*All comparative figures compare approved 2024 budget to the presented 2025 budget

#### **Highlights**

#### Total City Budget (pg. 3-4)

- Net income is projected to increase from (\$360,643) to (\$352,638) with an increase in cash reserves of \$430,442 before capital improvement projects. After completion of these projects, we expect our reserves to still increase from \$1,142,512 to \$1,236,954.
- We're expecting a change in staff salary allocation, property wide increases in income through increases from HUD subsidies and tenant rent, as well as increases in operating costs primarily related to unit renovations, property maintenance, property insurance, and utilities.
  - Total salary and related expenses are projected to decrease 2.9% overall, despite the changes listed below, due to updated program allocations with a higher percentage of employee time spent on voucher programs held with the Housing Authority of the County of Humboldt. Other changes include:
    - A 3% Cost of Living Adjustment (COLA) to match incurred inflation and remain competitive in the current labor market.

 A 12% increase in benefit dollars from \$890 to \$1,000 per month, per employee. This will conclude a multi-year goal of raising employee benefit dollars from \$500 per month, to \$1,000 per month.

#### Public Housing (PH) (pg. 5-6)

- Net income is projected to increase from (\$281,455) to (\$269,368) due to increases in revenue from HUD grants and tenant rent, offset primarily by increases in utility expense, unit turnover expenses, and property insurance.
- Cash is projected to decrease from \$713,986 to \$621,908 after accounting for utilization of \$300,000 for planned deferred maintenance projects at several locations. Utilization of reserves is vital prior to repositioning so that excess reserves don't get recaptured by HUD.

#### Eureka Family Housing (EFH) (pg. 7-8)

- Net income is projected to decrease from (\$173,599) to (\$241,342). Rental income is expected to increase but is offset primarily due to increases in operating costs such as utility expense, unit turnover expenses, property insurance, and planned increases in loan and management fee expenses.
- Despite the decrease in net income, operating cash is expected to increase from \$227,575 to \$390,602 due to positive cash flow projections. Several projects are planned to be funded from our replacement reserves (held in trust by CalHFA) including ADA shower conversions, when possible, and resurfacing a parking lot.

#### Eureka Senior Housing (ESH) (pg. 9-10)

- Net income is projected to decrease from (\$31,598) to (\$38,030) primarily due to increases in costs such as utility expenses, unit turnover expenses, and property insurance.
- Despite the slight decrease in net income, our reserves are projected to increase from \$23,733 to \$31,168. No projects are planned for 2025.

#### Marine View Terrace (MVT) (pg. 13-14)

- Net income is projected to increase from \$121,511 to \$182,667 primarily due to increases in interest income and rental income, in addition to lower operating expenses due to revised staff time allocations.
- Cash reserves are expected to increase from \$97,031 to \$107,155.

### STAFF RECOMMENDATION:

Staff recommends that the Board approve and adopt the Housing Authority of the City of Eureka's 2025 Budget.

# Housing Authority of the City of Eureka Board of Commissioners Meeting

October 21, 2024

Agenda Item 8b

## Memorandum

To: Commissioners

From: Cheryl Churchill, Executive Director Subject: Public Housing Utility Allowance

#### **BACKGROUND AND HISTORY:**

In accordance with HUD regulations, the Housing Authority must conduct an annual utility survey of a representative number of households in the City of Eureka. This survey is then used to determine the utility allowance granted each public housing household to aid them in paying for their utilities.

Staff contracted with the Zappling Company to conduct the survey and recommend the utility allowances for the 2025 fiscal year. Attached are comparison sheets showing the proposed 2025 utility allowances and the current 2024 utility allowances, by building types and bedroom sizes.

Under HUD's regulations, if the utility survey indicates a change (increase OR decrease) in the utility allowance of at least 10%, the Housing Authority must adopt the new utility allowances. As most categories show a 10% or greater increase, and as this is a benefit to program participants, it is in their interest to adopt the proposed utility allowances.

#### STAFF RECOMMENDATION:

Staff recommend that the Board accept and approve the proposed 2025 public housing utility allowances.

Public Housing Utility Allowances Proposed for effective date 01/01/2025

# REASONABLE ACCOMODATION MEDICAL EQUIPMENT ALLOWANCES

**REPORT DATE:** 9/1/2024

**PROPERTY:** Housing Authority of the City of Eureka & Housing Authority of the County of Humboldt

LOCATION: Eureka, CA

Item	Hours/day*	Wattage*	Monthly kWh	<b>Energy Charge</b>	<b>Utility Allowance</b>
Oxygen Concentrator	18	400	220	\$ 0.424524	\$ 94.00
Nebulizer	1.3	75	3	\$ 0.424524	\$ 2.00
Electric Hospital Bed	0.2	200	2	\$ 0.424524	\$ 1.00
Alternating Pressure Matress	24	70	52	\$ 0.424524	\$ 23.00
Low Air-Loss Mattress	24	120	88	\$ 0.424524	\$ 38.00
Power Wheelchair/Scooter	8	360	88	\$ 0.424524	\$ 38.00
Feeding Tube Pump	3	120	11	\$ 0.424524	\$ 5.00
CPAP Machine	7.5	30	7	\$ 0.424524	\$ 3.00
Leg Compression Pump	1.5	30	2	\$ 0.424524	\$ 1.00
Dialysis Machine/Equipment	1.8	710	39	\$ 0.424524	\$ 17.00

<sup>\*</sup>Based on literature search and online sources

Higher utility allowance as reasonable accommodation for a person with disabilities. On request from a family that includes a person with disabilities, the PHA must approve a utility allowance which is higher than the applicable amount on the utility allowance schedule if a higher utility allowance is needed as a reasonable accommodation in accordance with 24 CFR part 8 to make the program accessible to and usable by the family member with a disability.

#### **Oxygen Concentrator**

Oxygen concentrators take in air from the room and filter out nitrogen. The process provides the higher amounts of oxygen needed for oxygen therapy.

#### Nebulizer

A nebulizer is a type of breathing machine that lets you inhale medicated vapors. Nebulizers are used 3-4 times per day for 20 minutes at a time

#### **Electric Hospital Bed**

Electric hospital bed for home use features electric motor controls that raise the head, foot and height of the bed frame with a push of a button. Usage depends on adjustments.

#### **Alternating Pressure Mattress**

The alternating pressure mattress features air cells which periodically redistribute pressure by repeatedly loading and unloading the pressure beneath the body. This creates movement which alleviates pain from bed sores and ulcers. Used 24 hours a day for someone who is bed-ridden.

#### **Low Air-Loss Mattress**

A low air loss mattress is essentially an air mattress covered with tiny holes. These holes are designed to let out air very slowly which helps keep the skin dry and wicks away any moisture. The pressure changes cycle every 10-25 minutes.

# REASONABLE ACCOMODATION MEDICAL EQUIPMENT ALLOWANCES

#### Power Wheelchair/Scooter

In order to keep the motorized scooter operating effectively, it's recommended to charge it every night as you sleep. Optimal charge time is at least eight hours.

#### **Feeding Tube Pump**

A feeding tube pump delivers nutrition throughout the day. The pump is used 5-6 times per day for 30 minutes at a time.

#### **CPAP Machine**

A CPAP machine provides air at a pressure just high enough to prevent the collapse of a persons airway. The recommended usage time is 7.5 hours a night.

#### **Leg Compression Pump**

Leg compression pumps treat vein problems (venous insufficiency) by compressing the lower extremities. The compression pump automatically inflates and deflates to force fluids back into the veins. Maximum usage is up to 3 times per day for 30 minutes at a time.

#### **Dialysis Machine/Equipment**

Equipment that removes waste and fluids from the body when the kidneys no longer work well enough to keep the body healthy. Treatment is done 3 times a week for 3-4 hours per day.

Utility Allowance Services for Tax Credit, Public Housing, and Section 8 Housing Choice Voucher Programs

## **TECHNICAL DOCUMENTATION**

600 Twentyninth Place Ct., Ste 1014 Charlottesville VA 22901 t) 434-885-0953 f) 434-885-0954 Sales@Zappling.com

#### Contents

- 1. Zappling Background and Experience
- 2. UApro<sup>TM</sup> Development
- 3. Methodology and variations
- 4. Demonstrated Compliance

#### Context

Utility allowances typically must be at least annually reviewed and updated when there is change of 10% or more per IRS and HUD regulations. [26 CFR § 1.42-10 & 24 CFR § 982.517]

For example, per 24 CFR 982.517(c)(1), a PHA must review its schedule of utility allowances each year, and must revise its allowance for a utility category if there has been a change of 10 percent or more in the utility rate since the last time the utility allowance schedule was revised. The PHA must maintain information supporting its annual review of utility allowances and any revisions made in its utility allowance schedule.

This technical documentation report serves to provide context and methodology for utility allowance calculations.

### 1. Zappling Background and Experience

Zappling was founded in 1994 to provide timely and professional engineering services to a variety of clients. Zappling places special emphasis on energy and water conservation services in its practices. The Zappling professional staff includes licensed engineering professionals, certified energy managers, utility allowance specialists, RESNET professionals, and support staff.

Zappling has worked with agencies that administer affordable housing programs since 1985. Through our work with authorities who provide housing for as many as 25,000 tenants and as few as 150 tenants, we have a keen understanding of Housing and Urban Development (HUD) requirements as they relate to operating and capital budgets, codes and standards, and special incentive programs.

Zappling has calculated utility allowances for Public Housing Authorities with individually metered utilities since 1994. In September 2005, HUD Washington contracted with Zappling (P.O. S4C5AAC0062) as the technical member of the team that evaluated, modified and verified a spreadsheet for calculating allowances for Section 8 housing units. Zappling engineers developed techniques to improve the accuracy of the allowances; we added formulas to account for residence age and the presence of heat pumps. Zappling's work is detailed in "Utility Model Evaluation HUD Report 050930.pdf." Zappling's revisions and additions were merged into the HUD Utility Schedule Model, which is a spreadsheet published on the HUD User web site as an acceptable method for calculating utility allowances.

Using the data and regressions that we submitted to HUD, Zappling developed the web-based tool UApro™ in 2006. Currently, Zappling services over 200 housing authorities, 100s of private properties, and has performed thousands of utility allowance studies to date. **Over 95% of our clients renew their subscription after their first year** – their testament to customer satisfaction.

## 2. UApro<sup>™</sup> Development

After contributing to the calculations behind the HUD Utility Schedule Model, Zappling saw opportunities for improving its usability. Zappling was unsatisfied with the Excel format of the HUD Model published on the HUD User website. The spreadsheet format was cumbersome and posed a high risk of accidentally changing cells that should not be modified − mistakes that could be amplified over the course of several years. Zappling aimed to create a higher-performance tool that incorporated the same equations while minimizing the potential for input errors and maximizing the efficiency of the calculation process. In response, Zappling created the web based tool UApro™ in 2006.

UApro<sup>™</sup> has a user-friendly web interface that references the same consumption database and accounts for the same variables as the HUD Utility Schedule Model. Given the same utility rate schedules, the allowances generated by UApro<sup>™</sup> replicate those generated with the HUD Utility Schedule Model.

However, UApro<sup>™</sup> has additional advantages because it:

## CREATES A USER FRIENDLY INTERFACE

that minimizes input errors and prevents accidental formula changes.

## APPLIES THE EXPERTISE OF A UTILITY SPECIALIST

who has a detailed understanding of rate structures, utility trends, unit conversions, and the UApro™ tool.

STORES RATE INFO, LOCATION TRAITS, & ALLOWANCE REPORTS for instant reference.

## FACILITATES RAPID UPDATES TO UTILITY ALLOWANCES

when utility rate schedules are changed.

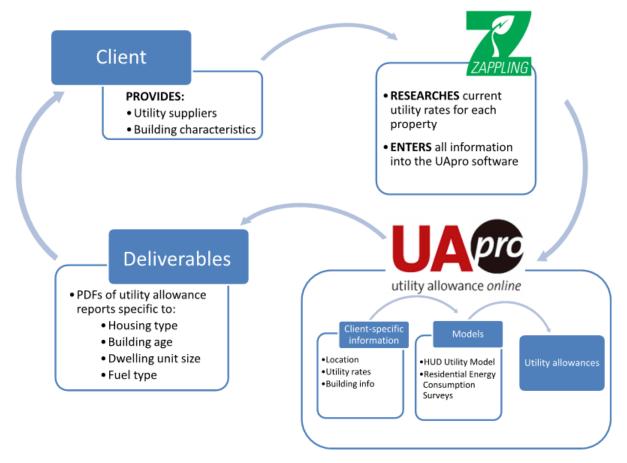

### 3. Methodology

The HUD spreadsheet linked to UApro™ uses average consumption data along with local utility rates and weather trends to compute utility allowances for specific unit types at specific locations. Regressions from an energy consumption database are used to estimate reasonable consumption values for a specific location. Energy consumption data are available from the Residential Energy Consumption Survey (RECS), which is a nation-wide study conducted and periodically updated by the United States Department of Energy. The RECS database is formatted such that utility data for climate region, housing unit type, size, heating system, fuel, and end-use can be extracted with multi-variate linear regressions. These regressions are then used to compute consumption allowances specific to individual unit characteristics. Finally, location-specific weather data¹ are applied to localize the heating and cooling consumption values. For bedroom sizes greater than five, a linear regression extrapolation will be used based on the utility allowances dollar values for bedrooms one through five.

Water and sewer data is collected from a variety of sources<sup>2</sup> and varies by state, per HUD's formulas. For public housing authorities, if client requests a different water/sewer consumption to be used, Zappling may utilize an engineering methodology or rely on a consumption-based approach based on a per capita consumption number scaled to occupancy per bedroom. Consumption reports available upon request.

#### Visual Overview of the UApro<sup>™</sup> System

<sup>1</sup> Heating degree days, cooling degree days, and typical low temperature are provided by the National Oceanic and Atmospheric Administration

#### Additional allowances and variations

Beyond base allowances, there are variations or adjustments that may be needed to either reflect energy performance characteristics of the housing stock, and/or reflect needs to the tenants. These are enumerated as follows:

#### Energy Savings Design (Green schedules)

- <u>Energy Star Certification</u> represents 18% in energy savings, if the residence being estimated meets the Environmental Protection Agency (EPA) standard as an Energy Star property.
- <u>LEED certification</u> represents a 25% energy reduction, if the property meets the LEED standards according to the U.S. Green Building Council (USGBC).
- <u>Significant Green Retrofit</u> signifies an 18% impact on energy efficiency, if the building
  has had an energy saving rehabilitation to any of the following systems in the last 5
  years: 1.Heating 2. Cooling 3. Lighting 4. DHW systems 5. Appliances 6. Building
  envelope 7. Water measures 8. On-site generation. If the respective property qualifies,
  as verified by Zappling personnel through Zappling's Green retrofit procedure, Zappling
  will separately attach the respective checklist and rationale as supporting documentation

Medical equipment allowances/reasonable accommodation for housing agencies

Concordant with 24 CFR part 8, a family with an individual with disabilities may make a request to the housing agency, if they need a higher utility allowance as a reasonable accommodation. The housing agency must approve the higher utility allowance to make the program accessible to, and usable by, the family member with a disability (24 CFR 982.517(e)). Zappling medical equipment allowances are a standardized schedule that specifies common medical equipment, usage characteristics, and expected monthly allowance based on recent local utility rates. These, if requested by the housing authority, will be prepared and attached separately.

#### Utility hook-up fees for housing agencies

Under 24 CFR 982.624, the PHA is required to establish utility allowance for manufactured home space rentals that for the first twelve months of assistance must include a reasonable amount for utility hook-up charges payable by the family. These fee schedules are attached separately

#### Simplified allowances for housing agencies

Simplified allowances leverage the most common structure and utility types to generate a distilled allowance schedule that is broadly applicable to the authority. If applicable, documentation outlining the key structure type/types, utility types, and approach will be attached separately

#### Other attachments provided separately (if applicable)

- Rate documentation rates may rely on averages, regressions, or most common utility type
- Locality-specific compliance documentation
- Utility allowance schedules
- Green retrofit checklist documentation for Significant Green Retrofit option
- Medical equipment/reasonable accommodation schedule
- Utility hook-up schedule
- Simplified allowance documentation

### 4. Demonstrated Compliance

UApro<sup>™</sup> is compliant with Federal Regulations governing the development and use of utility allowances for Low Income Housing Tax Credit units. Effective July 29, 2008, 26 CFR 1.42-10 was updated to include a wider variety of acceptable calculation methodologies, including the HUD Utility Schedule Model and the Energy Consumption Model. Table 1 details how UApro<sup>™</sup> complies with the requirements of the HUD Utility Schedule Model calculation method.

Table 1: IRS Regulation Comparison - Utility Allowances for Tax Credit

Calculation Method	26 CFR 1.42-10	UApro™
HUD Utility Schedule Model	A building owner may calculate a utility estimate using the "HUD Utility Schedule Model" that can be found on the Low-Income Housing Tax Credits page at http://www.huduser.org/datasets/lihtc.html (or successor URL).	Zappling was part of the technical team that developed the HUD Utility Schedule Model. UApro <sup>TM</sup> 's database uses the same Residential Energy Consumption Survey (RECS) data as the HUD Utility Schedule Model. In addition, UApro <sup>TM</sup> uses the same regressions to connect regional climate data with energy consumption patterns for heating and cooling.
	Utility rates used for the HUD Utility Schedule Model must be no older than the rates in place 60 days prior to the beginning of the 90-day period under paragraph (c)(1)of this section.	Specialists at Zappling research the most currently available utility rates at the beginning of each annual subscription as part of our professional setup.

UApro<sup>™</sup> is also compliant with the HUD regulations for Section 8 Housing Choice Voucher and public housing utility allowances. Tables 2 and 3 highlight the key ways in which UApro<sup>™</sup> complies with 24 CFR 982.517 and 24 CFR 965.501-507.

Table 2: HUD Regulation Comparison - Utility Allowances for Section 8

24 CFR 982.517	UApro™
The PHA must maintain a utility allowance schedule for all tenant-paid utilities, for cost of tenant-supplied refrigerators and ranges, and for other tenant-paid housing services.	UApro <sup>™</sup> provides an online library of all utility allowances for electricity, gas, oil, water, sewer, and trash for typical dwelling units and typical tenant-supplied appliances.
The utility allowance schedule must be determined based on typical cost of utilities and services paid by energy-conservative households that occupy housing of similar size and type in the same locality. In developing the schedule, the PHA must use normal patterns of consumption for the community as a whole and current utility rates.	UApro <sup>™</sup> uses the extensive RECS database produced by the US Energy Information Administration for similar housing sizes and types in the locality. The data is adjusted to the local weather determined by the Housing Authority code. UApro <sup>™</sup> facilitates the use of the actual and current rate schedules as published by the utility companies.
In the utility allowance schedule, the PHA must classify utilities and other housing services according to the following general categories: space heating; air conditioning; cooking; water heating; water; sewer; trash collection; other electric; refrigerator; range; and other specified housing services.	UApro™ calculates space heating, air conditioning, cooking, water heating, water, sewer, trash collection, other electric, refrigerator, range, and other specified housing services as individual items and presents them on the output forms.
A PHA must review its schedule of utility allowances each year and must revise its allowance for a utility category if there has been a change of 10 percent or more in the utility rate since the last time the utility allowance schedule was revised. The PHA must maintain information supporting its annual review of utility allowances and any revisions made in its utility allowance schedule.	UApro <sup>™</sup> provides supporting documentation for all utility rates used in the utility allowance calculations that be submitted in the annual review or audit process.

Table 3: HUD Regulation Comparison - Utility Allowances for Public Housing

24 CFR 965.501-507	Regulation	UApro™
§ 965.505 (a)	The objective of a PHA in designing methods of establishing utility allowances for each dwelling unit category and unit size shall be to approximate a reasonable consumption of utilities by an energy conservative household of modest circumstances consistent with the requirements of a safe, sanitary, and healthful living environment.	UApro <sup>™</sup> calculates utility allowances using a model developed for HUD based on the Energy Information Administration's Residential Energy Consumption Survey (RECS) database. The data is a sampling of typical households throughout the US.
§ 965.505 (b)	Allowances for both PHA-furnished and resident-purchased utilities shall be designed to include such reasonable consumption for major equipment or for utility functions furnished by the PHA for all residents (e.g., heating furnace, hot water heater), for essential equipment whether or not furnished by the PHA (e.g., range and refrigerator), and for minor items of equipment (such as toasters and radios) furnished by residents.	By using the RECS database, UApro™ includes all applicable consumptions for a typical residence throughout the United States.
§ 965.505 (b2)	The climatic location of the housing project.	UApro <sup>™</sup> adjusts for local climate conditions based upon the PHA's HA code or zip code.
§ 965.505 (b3)	The size of the dwelling units and the number of occupants per dwelling unit.	UApro <sup>™</sup> calculates allowances for zero (0) through five (5) bedrooms.
§ 965.505 (b4)	Type of construction and design of the housing project.	UApro <sup>™</sup> calculates allowances for single family detached, single family attached, low rise apartments (2-4 units), larger apartment buildings (5+ units), and manufactured homes.
§ 965.505 (b6)	The utility consumption requirements of appliances and equipment whose reasonable consumption is intended to be covered by the total resident payment.	The data used by UApro™ includes samplings from a wide range of households throughout the country.

Unless otherwise noted

Seasons: Winter = Nov-Mar Summer = April-Oct

<sup>&</sup>lt;sup>2/2</sup> Effective July 1, 2005, the Transportation Charge will be no less than the Minimum Transportation Charge of \$0.13151 (per day). Applicable to Rate Schedule G-1 only and does not apply to submetered tenants of master-metered customers served under gas Rate Schedule GS and GT.

<sup>&</sup>lt;sup>3/2</sup> Schedule G-PPPS (Public Purpose Program Surcharge) needs to be added to the TOTAL Non-CARE Charge and TOTAL CARE Charge for bill calculation. See Schedule G-PPPS for details and exempt customers.

CARE Schedules include California Solar Initiative (CSI) Exemption in accordance with Advice Letter 3257-G-A.

Per dwelling unit per day (Multifamily Service).

Per installed space per day (Mobilehome Park Service).

Residential bill credit of (\$85.46) per household, annual bill credit occurring in the April 2024 bill cycle.

#### **RESOLUTION 2010**

## ADOPT UPDATED UTILITY SCHEDULE PUBLIC HOUSING – CITY OF EUREKA

WHEREAS, The U.S. Department of Housing and Urban Development requires a survey of utility usage and fees be done to ascertain a schedule of Public Housing allowances for resident furnished utilities; and

WHEREAS, The Housing Authorities have contracted with Zappling Company to complete a Resident Life Utility Allowance Survey and Study for Public Housing; and

WHEREAS, The survey demonstrates a need to adjust the present utility allowances to bring them in line with actual usage figures;

NOW, THEREFORE, BE IT RESOLVED, that the Commissioners of the Housing Authority of the City of Eureka approve and adopt the September 2024 schedule for Public Housing Utility Allowances for Resident Furnished Utilities and Other Services, effective January 1, 2025.

PASSED AND ADOPTED on the _	21	day of <u>October</u> _	_ 2024 by the following vote:

# Housing Authority of the City of Eureka Board of Commissioners Meeting

October 21, 2024

Agenda Item 8c

## Memorandum

To: Commissioners

From: Dustin Wiesner, Director of Finance, Administration and Technology

Subject: Write Off of Uncollectible Accounts Receivable

#### BACKGROUND:

The Housing Authority of the City of Eureka routinely writes off uncollectible accounts receivable after all reasonable efforts have been made to collect the debt. All write offs over \$5,000.00 require board approval with a resolution.

#### Impact to Personnel:

None.

#### Fiscal Impact:

Once a debt is deemed uncollectible, it is written off, or removed from the accounting books. Write-offs are reflected in financial statements as a decrease in Accounts Receivable (an asset), and an increase in expenses. This transaction is an accounting entry that does not affect cash flow. Additionally, the decrease in Accounts Receivable positively affects some of the HUD ratios that are used to evaluate our agency's operations.

Note that debts are still reported in HUD systems, and any person reported owing cannot be assisted by HUD-funded programs until debts are paid. Additionally, once a debt is written off internally, it is submitted to a collection agency for further follow-up. However, the resulting collections from this process are historically very low.

#### <u>Alternatives:</u>

Keeping uncollectible receivables on the books fails to properly account for bad debts and to comply with Generally Accepted Accounting Principles (GAAP). Additionally, it does not reflect a conservative approach to the collectability of past tenant debts. This option is not recommended.

#### STAFF RECOMMENDATION:

Staff recommends that the Board approve and adopt the resolution to write off uncollectible debts.
